Highwood Mount Highwood is a mountain on the
border of France and Switzerland, on the border of
the cantons of Valais and Vaud. It is located between
Novalesa, Lake Léman and Lake Geneva. Its summit
was first ascended in 1861 by the British and Swiss
expeditions. References External links Mount

thousanders of SwitzerlandQ: Where was the original
model for the Iron Man suit in Guardians of the
Galaxy? Was the original model for the Iron Man suit
in the movie Guardians of the Galaxy? I haven't seen
any movie before this where it was shown in the
movie. A: It was Marvel Studios Property Master Joe

Hyers and his team from the New York branch of Marvel that created the Iron Man model used in the film. “We ended up getting a little bit of the original Iron Man suit or design into some of the vehicles,”

The actor wore a cloth version of the Iron Man armour with a glowing helmet. He ran on to the field as his teammates lifted the seats, revealing a model of the Hulkbuster, complete with moving arms. Up next, Adam Brody and Ben Kingsley were given the keys to a van packed with full-scale versions of the Avengers' getaway vehicles. Next, director James Gunn demonstrated how his team would construct a large scale version of the Hulk's giant green head with Gatling guns mounted on top
