• [www.cardboardkakin.com](http://www.cardboardkakin.com) "The Pursuit of High-Quality Homebrew!" New browser game "The Elden Ring" is developed by Tensuki Team, Inc. This is a card based RPG where you can experience the story of a group of people driven by their desire to own an ancient legendary item. The core features of the game include: \* Scrolling scene with high resolutions \* Variety of scenes through a huge world with multiple endings, and branching to scenes \* Various quests \* Random battles against various enemies in real-time \* Dungeon exploration with multiple paths and intertwined adventures \* Various items usable in battle or in quests \* Higher classes with unique skills \* Players can write a story of their own by determining what happens to their characters and what special skills will be used \* With unmatched quality, this is the game that will excite both children and adults. Elden Ring is targeting children ages 12 and up. Information at [www.cardboardkakin.com](http://www.cardboardkakin.com) About Tensuki Team, Inc. We are an indie studio that develops card games. We value individuality, and the endless possibilities of stories and characters; we want to create games that will connect players and that provide meaningful play experiences. We hope you will enjoy our games.
